

Summer work 2019

Vocabulary building is an integral part of learning a second language. It requires the memorization skills and the desire to improve vocabulary for the ease of listening, speaking, writing and understanding. These lists are given to you for summer homework to help you review, improve your vocabulary, and give you the basic tools to help you express yourself easier during the upcoming school year.

The words on these lists must be studied and memorized by the start of school in the fall. You will be tested on them within the first week back. If you start studying the words in June, you will have plenty of time to study all of them. Please do not wait until August to start memorizing these words.

中文 VI - 暑期作业(Summer Work)

中文姓名_____

单词复习(vocabulary review) L21 – L6
