

BACKING UP NOTABILITY NOTES

Touch the gear icon

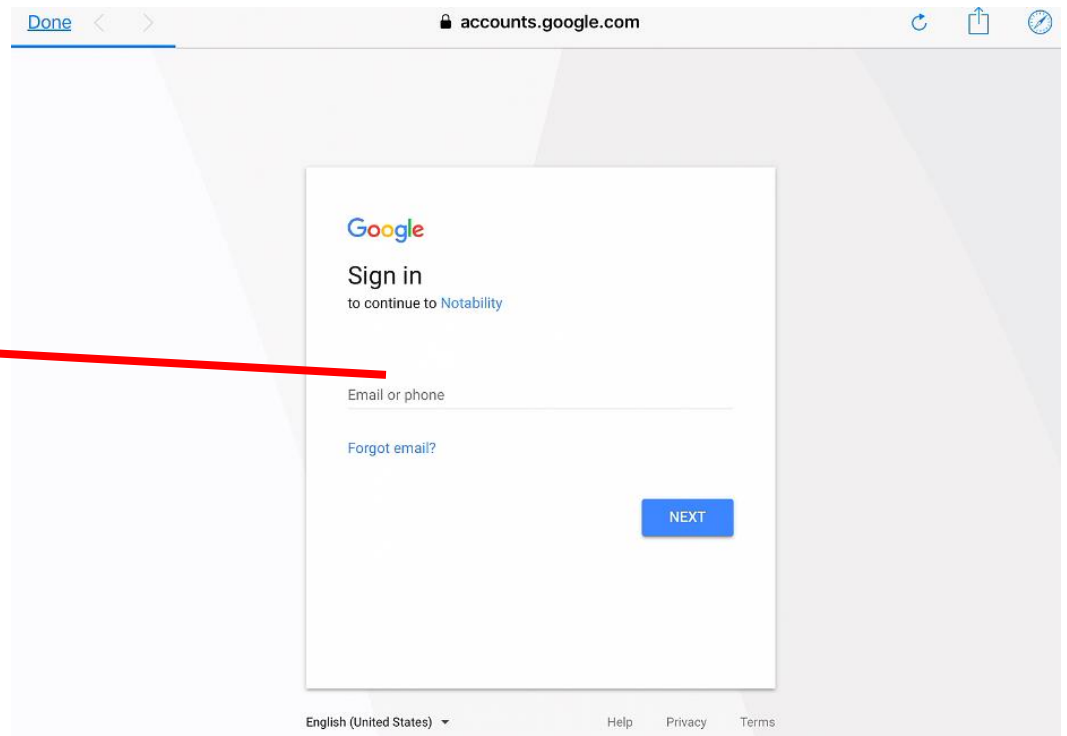

Touch auto-backup

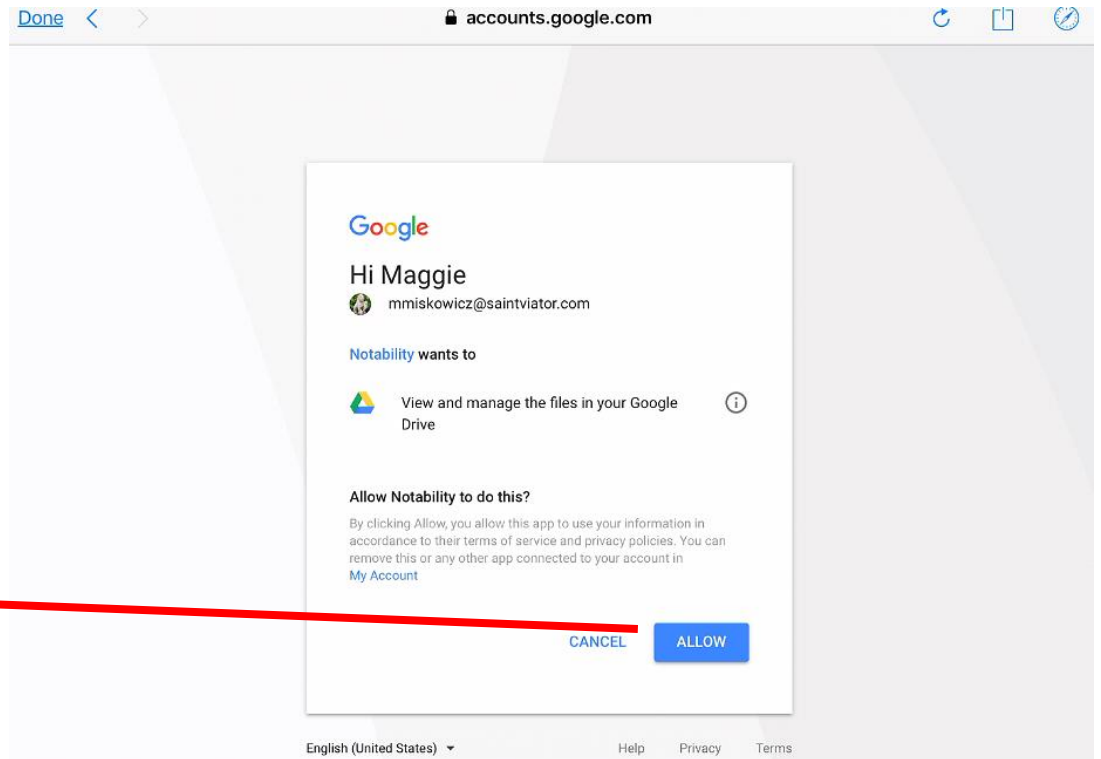

Touch Google Drive to start backing up your notes

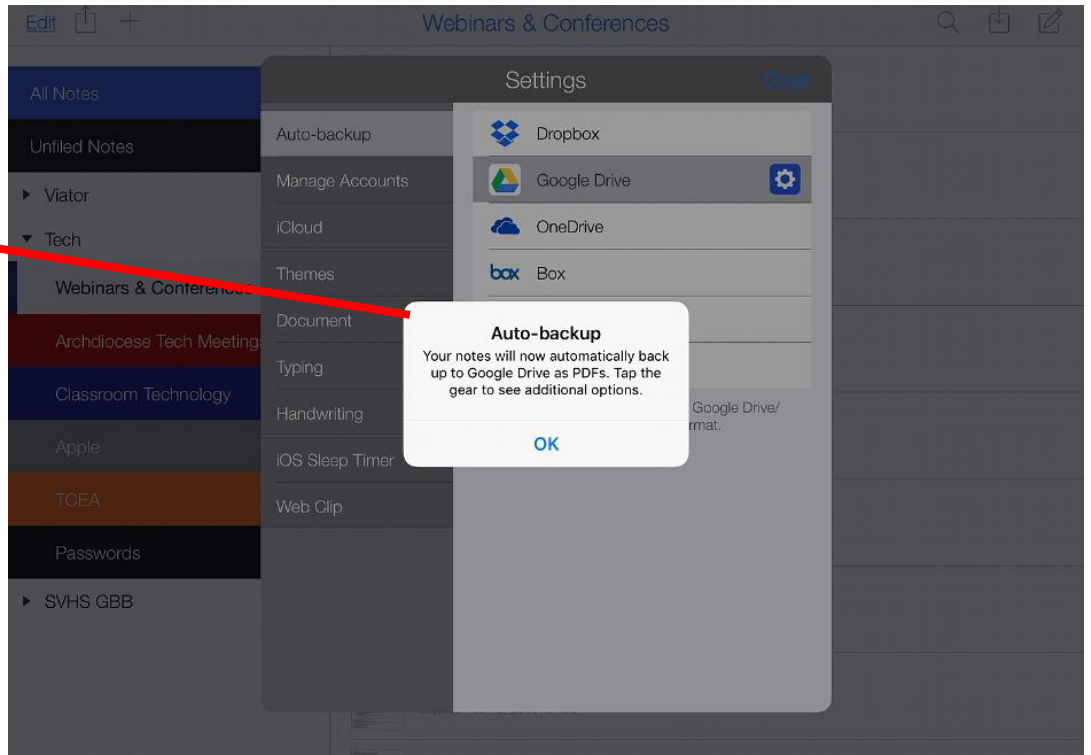

Use your Saint Viator
email and password

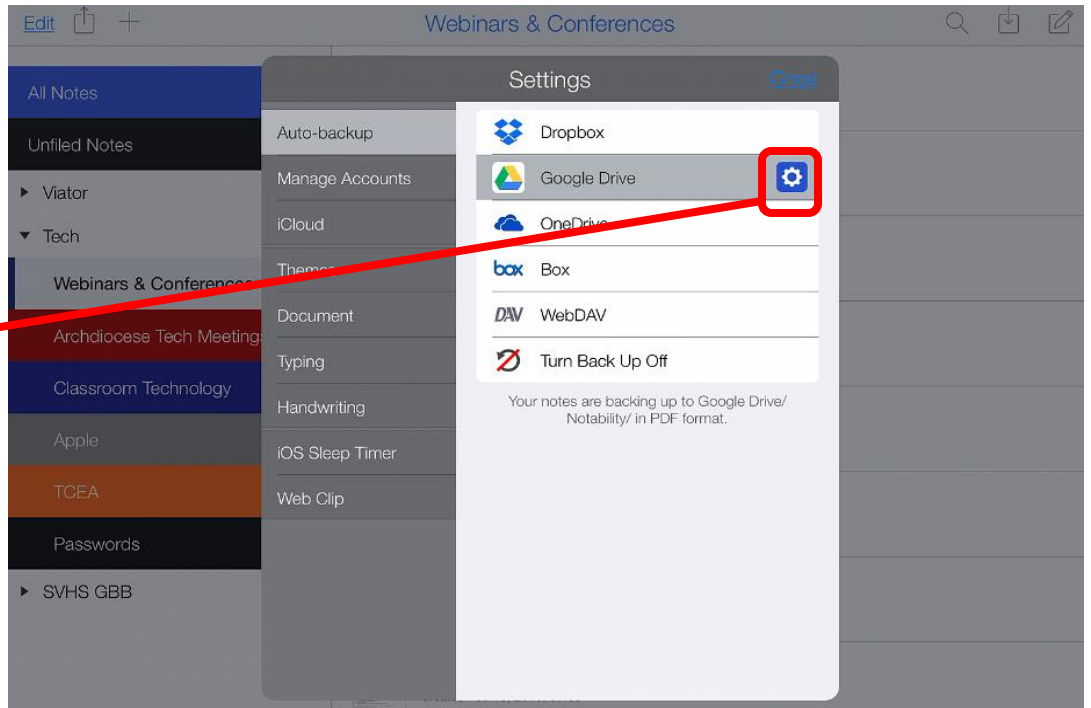

Touch Allow

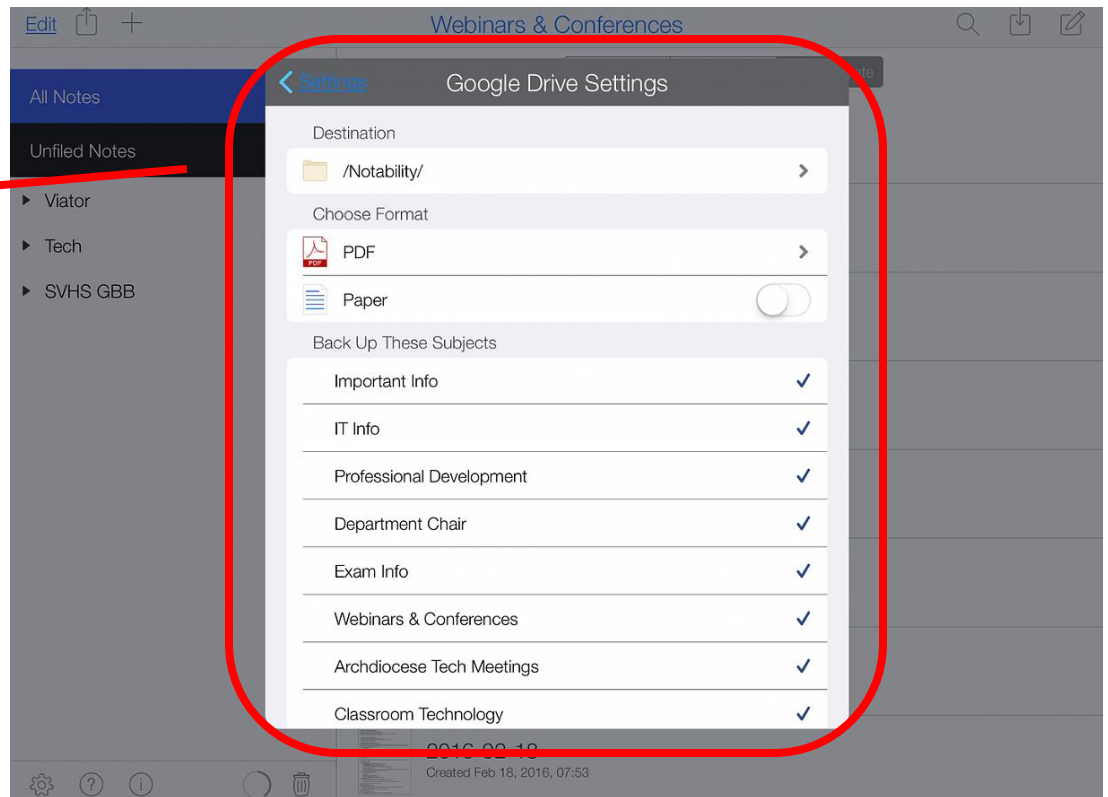

A window will pop up notifying you that your notes are being backed up

Tap the gear to change the folder that Notability is saving to in Google Drive

Here you can change the folder and choose what subjects to back up

After updates to the Notability app or to your iPad's iOS, please make sure to go back into Notability's settings to see if your auto-backup option is still turned on.
